BURGLAR PROOF SYSTEM FAILED

Mays Bank Officials Waiting For
Coming of Representative of
Company Which Installed It

LOSS WILL NOT BE HEAVY

Safety Deposit Boxes Which Were
Entered by Yeggmen Friday
Did Not Contain Valuables

There were no new developments today in the robbery of the Mays National bank, which took place early Friday morning when yeggmen gained an entrance into the bank vault and ransacked the deposit boxes, and the officials of the bank today were awaiting an insurance adjuster and an investigator of the burglar proof company which had installed their system on the bank vault, and which failed to provide the protection guaranteed.

The officials of the bank do not believe that the loss to the individuals leasing the boxes will be very great because the boxes did not contain much valuable matter, as negotiable bonds and papers were in safe keeping in a bank at Indianapolis.

Practically most of the boxes contained private papers of a business nature, including insurance policies. One of the bank employees had a box and had two five dollar gold pieces in it, which were taken by the robbers.

The bank vault, the door of which was melted by the robbers using an acetylene torch, was put out of commission. The bank carried insurance against damage by robbers, and an adjuster was expected some time today so that the vault could be replaced with a new door.

The vault door had previously been equipped with a system, supposedly burglar proof, but the system failed to work, according to the bank officials, and the firm which installed the system has been called upon to send a representative to Mays to investigate the reason for the system not working.

According to Guy McBride, cashier of the bank, the burglar proof system, is not an alarm, but is confined within the vault, so that if the vault door is tampered with, extra bolts are automatically set in place to re-enforce the regular bolts which fasten the door.

The officials at the bank declare that the re-enforcement did not fall into place when the safe was being opened, and for this reason an investigation has been ordered.

As far as could be learned today, there were no people in Mays who recalled hearing a machine stop in the town during the night, and no clue to the robbery has been found.

MORE DEATHS THAN BIRTHS IN RUSHVILLE

Statistics For Month of March Show
Three Fire Alarms With No
Loss—11 Marriage Licenses

23 CIVIL SUITS ARE FILED

March passes by unusually quiet in the city and county affairs, according to the statistics available today at the various city and county offices, and for the first time in recent months, there were more deaths in Rushville than births.

Dr. R. O. Kennedy, city health officer, reported that during the month there were 9 births and 11 deaths. Two of these were still births which are listed both as births and deaths.

The fire department responded to three fire alarms during the month, and no loss resulted, as two of them were due to defective flues and the third was a trash pile which might have caused damage.

In the circuit court there were 23 civil suits filed, two of which were divorce actions, and the county clerk issued 14 marriage license during the month just closed.

Justice Stech had five criminal charges filed, two of which have been tried and three remaining on the docket for trial.

The Cigarette Vine

Podunk, Ind., April 1.—A group of Hoosier bontanists is closeted in a hot house here trying to graft a match bush onto a cigarette vine.

Their object is to produce a cigarette vine which will also grow matches. If this experiment is not successful they will try to graft a branch of the sulphur tree onto the cigarette vine.

The obvious reason behind their work is to satisfy the great army of cigarette smokers who have a habit of saying "gimme a match." The graft of the sulphur tree and cigarette vine is intended to produce a cigarette with a sulphur tip which would ignite easily.

It is known the bontanists consider their task a hopeless one because—

This is April the first.

FOUND GUILTY AND ARE FINED \$100 EACH

Frank Gerrian and Leonard Ellsbury Are Convicted by Jury
In Circuit Court

ARRESTED AT GLENWOOD

Frank Gerrian and Leonard Ellsbury, two men who were on trial Friday in the circuit court on a grand jury indictment charging them with unlawful possession of liquor for the purpose of sale, were found guilty late yesterday and each were given a fine of \$100 by the jury.

The two men were sent back to jail last night upon default of the \$100 fine, and an effort was being made today by Gerrian to obtain money for his release. In case neither makes the payment, their fine will be laid out at the State Penal farm for 100 days.

Gerrian, who lives in Franklin county near Laurel, is 65 years old, and Ellsbury is about 30 years old and lives in Wayne county, near Cambridge City.

The two men were arrested one day last week after the officers had found 3 quarts of whiskey buried in the ground in Glenwood, and suspicion was directed upon these men because they were in the vicinity of the liquor, and witnesses testified that they were around the lumber pile for several hours, and as many as 30 men were seen going to the place, near where the liquor was found.

TWO RUSH COUNTY MEN IN THE CLASS

James Minor Bell and Charlie Combs
Complete Ancient Accepted
Scottish Rite Degree

WORK IN INDIANAPOLIS

Among the "state" class of 129 members completing the degrees of the Ancient Accepted Scottish Rite in Indianapolis Friday night were James Minor Bell of near Gings and Charlie Combs of Glenwood. At the supper served to the class and more than 1,000 members, the class presented Thrice Potent Master Edward J. Seconover and the officers of the other bodies with a letter in which the appreciation of the class was set out for the manner in which the degrees had been conferred, the impression the work made on the members of the class, and the patience with which every officer and worker had treated them and made things pleasant. Music at the supper was provided by the Scottish Rite band and the Shrine chanters.

The stage is set for the Shrine ceremonial today at which more than 200 Knights Templar and Scottish Rite Masons will be inducted into the mysteries of Shrinedom. Great preparations have been made for this affair, it being the first one planned under the direction of John E. Milnor, potentate.

ACCEPTS POSITION HERE

Mrs. Clifford Jarvis has accepted a position as a clerk at the Manzy company, it was announced today.

Jobe Stevens Takes First Day Off After 40 Years On One Job

Rushville Man, Who Has Worked
For Big Four Railroad Two Score
Years, Begins First Vacation Today
When He Is Retired on a Pension
at Age of Seventy Years.

Jobe Stevens had a day off today, and began his first vacation in 40 years, after being in service with the Big Four railroad since April 1, 1882, but the mere fact that his 70th birthday compels him to retire from the railroad service, does not mean that he will retire from an active life, by any means.

J. H. Stevens, 609 West First street, better known as Jobe Stevens, reached his 70th birthday Tuesday, and the employees of the railroad are automatically suspended on a pension when they reach that age.

Today was the first day off in the 40 years, except in a few cases where Mr. Stevens had to stay home

on account of a death or illness in the family, and at no time during the 40 years did he ever call time out, to take a pleasure trip, although he had passage on any branch of the road throughout the United States.

Mr. Stevens' vacation is just beginning. He plans to see the country, and he and his wife will visit relatives and make several trips in the near future.

On April 1, 1882 Mr. Stevens began his duties with the Big Four in their yards at Greensburg, on the Cincinnati and Lafayette branch which later developed into the Cincinnati and Chicago, main line.

He has seen many great developments in the railroad business, and recalls the building of the Vernon, Greensburg and Rushville road, which in time was taken over by the Big Four system. Mr. Stevens was a car repair man at Greensburg and moved here on November 27, 1884.

KETCHUM IS OUT FOR PROSECUTOR

Local Attorney Files Declaration
For Prosecutor With Secretary
Of State Today

LAST DAY IS A BUSY ONE

Candidates For Delegates to State
Conventions Are Allowed Until
April 12 By Law

Today was the final limit for candidates to file their intentions of seeking nominations in the primary election, and the office of the county clerk was a busy place all day as each party organization was putting up big efforts to place complete tickets in the field.

Candidates for the nomination of being delegates to the state convention have until April 12 in which to file, but all other nominations closed today.

Gates Ketchum, democrat, has filed his intention of seeking the nomination of prosecuting attorney, with the state secretary, as the law provides for state officers to file there instead of in the county.

The list of republican candidates, filed up until 2 o'clock this afternoon included the following, except a large bunch of precinct committeemen, which will be announced Monday:

William Gowdy, trustee for Posey township; Walter N. Jessup, assessor for Ripley; William W. Webster, Center township, advisory board; Harvey M. Newhouse, Center township trustee; Claud Sears, Center, county council; William H. Hardwick, assessor, Rushville; Rue Miller, Jacob Fox, George Meid, all for Walker township advisory board.

Perry T. Innis, Anderson township advisory board; Luther Renegar, Ozro Moore and Aaron O. Hill, all for Ripley township advisory board; James Adams, constable, Rushville township.

The list of democrats who filed today were: O. M. Carson, precinct committeeman, Washington No. 2;

AS ORIGINALLY PLANNED

Clean-up Week Will be Observed
Next Week, Mayor Announces

Clean-up Week will be observed in Rushville next week as originally announced, Mayor Walter Thomas said today.

This date was announced by the mayor more than a week ago, but at the last council meeting there was some disposition to postpone the observance until more favorable weather prevails. The matter was left entirely in the hands of the mayor, however, who reached this decision today.

City wagons will begin making the rounds Monday and will collect rubbish which has accumulated during the winter, providing it is placed in containers in alleys.

STRIKE EFFECTIVE LEWIS DECLARES

Miners Union President Says Walk-
out Is 100 Per Cent, Tying Up
Six Thousand Mines

600,000 MEN ARE IDLE TODAY

Fifteen Hundred Mines In Non-
Union Field and Reserve Will
Keep Nation Going 6 Weeks

By FRED G. JOHNSTON
(U. P. Staff Correspondent)
Indianapolis, April 1.—The coal strike starting last midnight is one hundred per cent effective, union officers declared at headquarters here today.

Six thousand mines were tied up, nearly 600,000 men were idle.

Every one of the half million United Mine Workers responded, except the pumpers, engineers and President John L. Lewis said, ex-firemen who will prevent flooding of the mines.

In addition thousands of non-union workers were reported to have joined the suspension.

"We have tried to bring the mine owners into wage conference—now we're going to fight," Lewis declared.

Fifteen hundred mines in the open shop fields were feverishly heaving coal above the ground to augment the nation's 65,000,000 ton reserve. This surplus and the non-union production will enable the country to endure a strike of at least six weeks without feeling the pinch of a fuel shortage, possibly longer.

Lewis has been conferring frequently, during the last two days with Secretary-Treasurer Wm. E. Green. District union chiefs have also been closeted with them trying to devise some means to budge the operators from their hostility toward interstate wage negotiations as provided by the wage scale expiring last night.

They were trying to evolve some strategy to force the Pittsburg Coal Producers Association, leaders in the fight for separate state wage conferences, into line for negotiations.

MRS. JOHN EATON EXPIRES

Arlington Woman Dies at Madison
Hospital This Morning

Mrs. Ruth Eaton, wife of John Eaton of Arlington, died this morning at 9 o'clock at the Madison hospital at the age of 46 years. The deceased had been ill for quite a while and several weeks ago she suffered a nervous breakdown and since that time her condition has been critical.

Mrs. Eaton was a member of the Methodist church of Arlington and has been a resident of that vicinity practically all her life. She is survived by her husband and a daughter, Ermadell. The body will be brought to Arlington tonight, but no arrangements have been made for the funeral services.

April Fool

Indianapolis—Mayor Shank spread a detail of 200 day policemen in plain clothes over the streets last night to stop banditry. Two doors from where one was posted, a pair of bandits robbed a busy cafe.

Chicago—When Mayor Hylan of New York came to Chicago La Salle hotel bell boys expected big tips. He gave dimes. "Big Bill" Chicago's mayor never gives less than half a dollar the bell hops complained.

Mineola, N. Y.—Maynard Wilkins bought a house just because the agent showed him seven barrels of "guaranteed old stuff" in the cellar. He wants his money back. It was vinegar.

New York—Frank Fennelly took poison and went for a walk to die. The exercise threw off the effects of the drug.

MANY PEOPLE ARE DRIVEN FROM HOME

Thousands of Acres of Land Are
Inundated as Indiana Streams

RIVERS ABOVE FLOOD STAGE

In Northern Indiana, Overflow
Water Covers More Land Than
At Any Time Since 1913

(By United Press)
Indianapolis, Ind., April 1.—Thousands of acres of land in Indiana were under water today as rivers and streams continued to rise from rain of the last few days.

The flood will not be so extensive, however, as it was a week ago from rainfall at that time, according to J. H. Armstrong, government weather man here. He said the rainfall generally was lighter.

Families were driven from their homes in the lowlands around Wabash, Fort Wayne, Washington and a few other river cities.

At Fort Wayne where the St. Joseph and St. Marys rivers join and in a few other cities, streets were under water and cellars of private homes were flooded.

In the northern part of the state the overflow waters covered more land than at any time since 1913. At Wabash, persons retiring last night in their lowland homes awakened today to find the water from the Wabash river surrounding them and flowing through the houses in some instances. Many families went to bed with boats tied to their front porches but others who failed to do

PROBLEMS TO BE DISCUSSED

Miss Mary Sleeth, Rushville librarian, will be one of the speakers at the meeting of librarians of Eastern Indiana, which will be held at Cambridge City, April 7 to discuss problems pertaining to the circulation of books among their patrons and the handling of reference matters for which there is a call by the public. The speakers will be: W. J. Hamilton, secretary of the Indiana public library commission; Miss Della Worthey, supervisor of high school and state institutions libraries; Mrs. Elizabeth Claypool Earl of Muncie, Dr. Harlow Lindley of Earlham college, Miss Mary Torrence of Muncie, Miss Margaret Wade of Anderson.

The morning session will be devoted to technical problems and at the afternoon meeting questions in which the public is interested will be discussed.

MUSIC CONTEST TO BE COMPLETED

Final Will be Held Next Friday to
Determine Winning School Out of
Five in County Entered

CITY ELIMINATION FIRST

Examinations Will be Held by
Schools and Inter-School Quiz
Will Determine County Entrant

The county music memory contest, which is being held in the schools under the direction of Miss Sarah L. McConnell, supervisor of music in Rushville, will be completed next week.

The elimination contest, which is confined to the city schools, will be held the first four days of the week, and on Friday the finals, in which five schools will participate, will be held in Rushville.

The preliminaries the first three days of the week will be for the purpose of selecting all of the 100 percent pupils in the Rushville schools entered in the contest, and on Thursday the semi-finals will take place, at which time it will be determined by examination of the pupils remaining in the contest, which school shall represent Rushville in the county contest Friday.

Other schools will take part in the county-wide event besides Rushville will be New Salem, Carthage, Milroy and Raleigh.

The city contest is confined to the pupils of the fourth, fifth and sixth grades. On Monday children of these grades in the Graham Annex will write in the contest to determine how many shall go into the semi-finals on Thursday when the competition will be between Rushville schools. Tuesday pupils of the same grades of Jackson school will compete in a similar contest and on Wednesday the same grade pupils in Havens school will take the examination. Each pupil who makes one hundred percent in the preliminary will receive a white badge with red lettering showing that they are winners.

In the contest Thursday, when it will be determined by combined grades of all the pupils participating, which building shall represent the city in the county contest, the winning school will be presented with a purple silk banner bearing appropriate wording.

A silver cup will be the trophy awarded in the county contest Friday. The place of holding the contest.

CITATION FOR COURT CONTEMPT IS ISSUED

Anthony Locke Ordered to Show a
Cause Why He Should Not
Comply With Terms of Decree

WIFE LATELY GOT A DIVORCE

A citation was ordered today to the sheriff of Fayette county to be served on Anthony Locke, to answer here on April 15, to a charge of contempt of court, the allegation being that he has failed to comply with the court's order to make payment in which Emmogene Locke, the plaintiff, was granted a divorce and alimony.

The case was heard here several months ago by a special judge, Gates Ketchum, after it was sent here from Fayette county on a change of venue, and in which a change of judge also was secured after the case reached here.

The suit involved a considerable amount of money and property, and took several days for trial. The parties are prominent people of Connersville, and after the conclusion of the evidence Judge Ketchum awarded Mrs. Locke \$5,000 alimony, attorney fees and a large quantity of property. The citation alleges that the defendant has made no effort to comply with the order.

At the time of the divorce the defendant was granted permission to appeal the case to the supreme court, but the time lapsed and no appeal has been taken, which makes the jurisdiction in the local court.

NOTICE OF FINAL SETTLEMENT OF ESTATE

Notice is hereby given to the creditors, heirs and legatees of Lydia E. Ball, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 15th day of April, 1922, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship and receive their distributive shares.

Witness, the Clerk of said Court, this 24th day of March, 1922.
LOREN MARTIN,
Clerk Rush Circuit Court.

NOTICE OF INSOLVENCY

In the Matter of the Estate of Elijah Pea, Sr., deceased.

In the Rush Circuit Court. No. 2748.

Notice is hereby given that upon petition filed in said Court by the administrator of said estate, setting up the insufficiency of the estate of said decedent to pay the debts and liabilities thereof, the judge of said court did, on the 21st day of March, 1922, find said estate to be probably insolvent, and ordered the same to be settled accordingly. The creditors of said estate are therefore hereby notified of such insolvency and required to file their claims against said estate for allowance.

Witness, the Clerk and seal of said Court at Rushville, Ind., this 24th day of March, 1922.
LOREN MARTIN, Clerk.

Conkey's
The ORIGINAL BUTTERMILK STARTING FEED

It's a Life Saver
Herbert H. Knapp, Shelby, Ohio, former Pres. International Baby Chick Association, writes:
"In our own plant we found Conkey's Buttermilk Starting Feed a life saver. Not a single case of White Diarrhea this season. Your chain of feeds was a happy thought. Three Buttermilk Mashers for Starting, Growing and Laying are complete and surely do bring results."

Feed It for the First Eight Weeks
Conkey's carries them safely through the critical first eight weeks. It is an appetizing combination of pure sweet grain and concentrated, sanitary Buttermilk, scientifically proportioned and combined by a special Conkey process—entirely different from any other buttermilk feed. We use Semi-Solid Buttermilk only.
It prevents the big losses due to weakness and disease and gives your chicks the quick snappy getaway that produces early broilers and layers. The Buttermilk puts an edge to the appetite, strengthens and tones up the sensitive digestive organs of the little chicks, and helps to prevent White Diarrhea.
Conkey's is different—it is so clean, sweet and genuine. No mill ends, shrievels or unsound grain, weed seed or mill sweepings used—only the best and purest grain. Yet it costs so little for those first eight weeks no poultryman can afford to be without it.
Don't Break the Conkey Chain of Buttermilk Feeds—Starting—Growing—Laying—each the best for its particular purpose. Insist on Conkey's in the original package. If your dealer can't supply you with Conkey's, write us. Big Poultry Book sent free. (25)

TWO NEW

Fordson Tractors

Complete, with 2 bottom 12 inch plows.
Have never been used and are specially priced to close out.

These tractors were traded to original purchasers on horse deals and were later traded to us for International 8-16 tractors with P. & O. 14 inch plows, for the following reasons—

First—They wanted to pull two 14-inch bottoms 8 inches deep and they could not do it with above tractors and knew they could do it with the International 8-16.

SECOND—One man had hilly ground and was afraid it might rear over and kill him.

WEDNESDAY, APRIL 5, 1922
Near Greenwood, Indiana.

SALE YOU SHOULD ATTEND. HERE IS THE REASON—

I will sell
Fifty-Six Head of Pure Bred Jerseys

Every cow is registered and comes from the finest blood lines of the breed. Could I foretell history I would venture the prophecy that in this sale will be a dozen cows that within two or three years will have records of from 600 to 800 pounds of butter. From my farm has come a good share of the butter producing Jerseys of the United States. History repeats.

Instead of Fourteen Points, here
are the first fourteen titles:

1. This is the age of experts, and no one need hope for a career who does not specialize on SOMETHING.
2. Even in a modern young ladies' boarding school one will find the spirit of efficiency.
3. For instance, there is the athletic girl—the Physical Expert.
4. Then there is the high brow type—the Mental Expert.
5. And our heroine having chosen LOVE as HER CAREER and being thoroughly up to date, diligently studies to become expert in HER line.
6. "You should be up doing your exercises!"
7. "I am."
8. "You think that exercising your body is the only thing in the world."
9. "And you think you're smart because you spend all your time exercising your intellect."
10. "I am exercising the most important thing of all — my emotions."
11. "Both you girls expect to get married, don't you?"
12. "You will be boring your husband to tears with your high brow stuff."
13. "And you will be running yours ragged with your athletics."
14. "With what I've learned I'll be giving mine a thrill every day of his life!"

AMUSEMENTS

Wm. Duncan stars at Mystic

Many surprises are awaiting those who see "Where Men Are Men," which will be shown at the Mystic theatre today. The story deals with the Death Valley gold mining region of California, and William Duncan star-director, has prepared to show the public a picture of the locale as it is. He has put a ban on the horse drawn stage-coach, the bad man firing guns as he rides into camp and a thousand and one other antiquated stunts found in films of the Buffalo Bill type.

Instead, Mr. Duncan presents a clean story of the West, showing real mining camps settlements. The action is swift moving against picturesque backgrounds and the climax comes in a real fist fight between Duncan and Sailor Tom Wilson, formerly sparring partner of Bob Fritzsimmions. This is a real combat and different from the ordinary screen conflict. Both men fight to win and it is only Duncan's superiority that saves the day for the hero.

Vaudeville and Pictures

What is art, anyway? That is the question which bothered Polly Heath the heroine with artistic "yearnings" portrayed by Wanda Hawley in "Bobbied Hair," a new realart pictures feature distributed by famous Players-Lasky Corporation which will be shown again today at the Princess.

Her friend in the "emancipated" colony sent her a sculptured head which looked like a blind moron in the last stages of loco poisoning, and assured her it was art. Her fiancé told her that it was highest truest art to marry him, keep a comfortable home, and rear beautiful children. But Polly was not convinced.

When her aunt attempted to discipline her by locking her in a room, Polly escapes through the window

Blessed are ye when men shall hate you....for the Son of Man's sake. St. Luke 6:22.

Read St. Luke 6:1-26.

"Deeply to help folk sometimes involves displeasing them."

Meditation: Clearly the condition which makes it possible for the spirit of Christ to work out a person's redemption is primarily the desire of that person to have Christ for a friend, and to have that desire dominant. Sometimes, therefore, it is necessary to choose between Christ and another.

Prayer— (For right relation to those who reject Christ) O God of Love, we open our hearts to welcome Christ as our Redeemer. We prefer Him above all others. May His presence be with us, bringing true happiness through loyal life and faithful service to God and man. As we love and labor, grant to us an increasing sense of fellowship with Thee. Since our redemption is of the spirit, reveal Thyself increasingly to the hearts of Thy children; that we may serve Thee as we ought to serve, for we would abide in Thee, O God, through Christ. Amen.

Hymn:
Faith of our fathers, living still,
In spite of dungeon, fire and sword,
O how our hearts beat high with joy
When e'er we hear that glorious word!

Faith of our fathers, holy faith,
We will be true to Thee till death.

VICTIMIZE PROMINENT MEN

National Black Mailers' Trust Operating All Over U. S.

New York, April 1.—More than \$3,000,000 a year is being extorted from wealthy New Yorkers by a national black mailers' trust.

Men of national prominence are being victimized. The "trust" is operating all over the United States and its total annual loot is "simply appalling"

W. Sherman Burns of the Burns Detective Agency, made these statements today in an interview with the United Press wherein he revealed that the amount of money obtained by blackmailers almost equals annual harvest of all the highwaymen, burglars, pickpockets, train robbers and postal bandits in America combined.

covering the central competitive field. It is understood they also discussed the attitude of the federal and state governments. The officers are known to resent bitterly the apparent willingness to use troops and state constabulary to put down the strike.

"There is no disorder in sight among the coal miners nor is any violence threatened," Green said. "The mine owners are the only ones who have committed violence. They did so by violating their contract calling for interstate wage negotiations."

Intelligence officers of the fifth army corps area with headquarters at Ft. Benjamin Harrison are reported to have been investigating the strike. State troops are available for use against the miners in Colorado and in Pennsylvania that state constabulary is moving from the rural districts into the mine fields, according to reports at headquarters. The federal government is also strengthening its forces in Wyoming, it was said.

Government agents too are watching activities at union headquarters here. One department of labor representative conferred with Lewis half an hour last night. He makes daily reports to Washington.

ELEVEN RECORDS
BROKEN IN WINTER

Worlds Record In Various Lines of
Sport Are Broken During
The Season, Reports Show

TWO ARE ALSO EQUALLED

Four New Ones Established For
Future High Marks, Resulting
In Successful Winter Sports

By HENRY L. FARRELL
(U. P. Staff Correspondent)

New York, April 1.—Eleven worlds records broken, two equalled and four established contributed to the most successful indoor athletic season of history, which is just drawing to a close.

Several marks, which through twenty years of residence or more on the books, were thought to be permanent were ousted by a new generation that seems to know no limit of speed and endurance.

The outstanding figure in the ranks of the record breakers was the little Chicago taxi-driver, Joie Ray. He always has been a great little running machine, but he was more than "right" this season.

Ray broke three world's records. When he ran a mile and a quarter in 5:33 3-5 he broke a record that had been in print for 27 years. He made new marks of 6:42 3-5 for one mile and a half and 8:31 2-5 for 3,000 meters.

Ray's performances were not exactly sensational. For him to break records is no surprise, as he has been doing it for so long. The role of a sensation fell to Bob McAllister, twenty-two year old New York cop, who stepped from the ranks of the unknown into four new world's records. McAllister, who "runs like a farmer," dashed 150 yards in 14 3-5 seconds; 120 yards, 11 4-5 seconds; and 130 yards, 12 3-5 seconds.

Allen Woodring, 200 meter Olympic champion made a new world's mark of 31 1-5 seconds for 300 yards. Two college boys knocked a record off the books that had stood for ten years for the high jump. Johnny Murphy, Notre Dame, first beat the mark with a jump of 6 feet 4 5-8 inches, only to have it taken away from him by Brown, of Dartmouth, who cleared the bar at 6 feet 4 3-4 inches.

Loren Murchinson, member of the 400 meter team that made a world's record at the Olympic games, set a new mark of 6 2-5 seconds of 60 yards. Jake Driscoll broke his old record for 500 yards when he stepped the distance in 58 3-5 seconds.

Two new relay marks were also established. The Penn State quartet made a mark of 7:57 4-5 for two miles and the Georgetown four ran the hedley relay in 7:41 2-5 for a new record.

Walking marks were also broken by Willie Plant, who holds nearly every record on the books. He walks 3,000 meters in 12:45 1-5 and added one more W. R. to his list.

Harold Cutbill, the "Flying Parson" equalled Joie Ray's record of 2:23 2-5 for 1000 yards and W. A. Comins, the Yale freshman, equalled the world's record of 7 1-5 seconds for 70.

so were rescued by police. Lower Wabash and White river are expected to rise for several days yet as the waters in the upper channels recede. The Wabash at Mount Carmel, Illinois, was at 20.5 ft. which is 5.8 feet above the flood stage, and was still rising. The crest will be reached there at 23 feet about Wednesday, Armstrong said. White river's stage at Elliston on the west fork was 4.2 feet above the flood stage while at Shoals on the east fork it was bank full.

At Decker on the main stream, the river was 1.7 feet over the flood stage with a crest of 22 to 23 feet expected Tuesday. The flood stage at Decker is eighteen feet.

At the same time freezing weather was forecast for tonight with warmer and unsettled weather Sunday.

Freezing Temperature Here

Freezing temperature was recorded here during the night, but the temperature was not low enough to damage any fruit, according to a number who were questioned today.

The complete schedule for the Rushville high school basketball team for the next season, was announced today by Coach A. H. Sutton, who said that the schedule was complete with the possible exception of two games which were pending, and the list for next season will include 22 games, with 13 of them on the local floor.

Besides the 22 scheduled games, it will also be possible for a county tourney with all teams in the county taking part and also the regular sectional meet, which will more than likely be awarded this city next spring.

The list of teams scheduled for next year presents the strongest line-up of teams in recent years and only two local teams are on the list, with Arlington for the opener and followed by Fairview, and then the team jumps into fast company meeting their recent rivals, the Columbus Bull Dogs.

It has been the annual custom for the local team to open the season with Arlington, and the schedule makers this year decided to drop some of the weaker teams which formed the schedule this year, including Spiceland, Liberty, Carthage, Greenfield, Manilla and others.

The teams on the schedule include some fast company with such teams as Garfield of Terre Haute, Anderson, Elwood, Richmond, Connersville, Columbus, Shelbyville, Neweastle, Cathedral high of Indianapolis and others.

The Terre Haute team was the dark horse in the state tourney, when they went through to the final game with Franklin and held the state champs to a low score. Anderson also figured in the state meet, but was put out by Marion. The fans also will welcome the Shelbyville games, because the locals were unable to arrange games with them last season.

It is expected that next year Rushville will have even a stronger team in the field than this year, and several new candidates are expected to attend school here during the coming season, which combined with four members of this year's team will give the local coach good material for a starter.

The complete schedule, subject to change, is as follows:

Nov. 3—Arlington here.
Nov. 10—Fairview here.
Nov. 17—At Columbus.
Nov. 22—Whiteland here.
Nov. 24—At Shelbyville.
Dec. 1—Greensburg here.
Dec. 8—At Whiteland.
Dec. 9—At Valley Mills (Tentative).
Dec. 15—Connersville here.
Dec. 22—At Richmond.
Dec. 27—Valley Mills here (Tentative).
Dec. 29—At Neweastle.
Jan. 5—At Indianapolis Cathedral High.
Jan. 12—Columbus here.
Jan. 19—At Connersville.
Jan. 26—Shelbyville here.
Jan. 27—Elwood here.
Feb. 2—Neweastle here.
Feb. 9—Indianapolis Cathedral High, here.
Feb. 16—Garfield (Terre Haute) here.
Feb. 23—At Anderson.
Feb. 24—At Elwood.

Jobe Stevens Takes First Day Off After 40 Years On One Job

taking a similar position with the new railroad which had just been built into this city.

Shortly afterward the line was built from Anderson to this city and later the Big Four took over the Vernon, Greensburg and Rushville line and the upper branch, and other branches north of here, and today the network of lines is under the Big Four system, extending from Louisville, Ky., to Benton Harbor, Mich., a distance of 325 miles.

Mr. Stevens, since living in Rushville, has been the car inspector and repair man here, with the exception of six months in his early life when he was a fireman on the road. For 33 years he had charge of the pumping station near the depot, as well as having to repair cars and inspect the coaches as the trains came to a halt at the depot.

Although Mr. Stevens has just reached his 70th birthday anniversary, he is just as well physically as the average man at 40 years, and he has never known a day of sickness. He has not been appraised of his pension, but it is a sure thing that he will be rewarded well by the railroad for his long and faithful service.

Mr. Stevens is married, and has two children. A son, Wilbur, has been in the employ of the railroad for 14 years, and at present is in the freight offices at Wabash. Mr. and Mrs. Stevens also have a daughter, Mrs. Ethel Thompson, who lives in Connersville.

MUSIC CONTEST TO BE COMPLETED

Continued from Page One

ty event has not yet been determined.

The music memory contest was instituted here a few months ago by Miss McConnell. It is primarily a device for vitalizing children's music study through the element of appreciation, but is believed to be equally as effective as a means of arousing the whole community to a deeper recognition of the importance of music.

In the contest, pupils were given a list of famous musical compositions, together with the names of the composers, which they were expected to memorize. While performing this feat, the pupils have also been familiarizing themselves with all of the compositions by hearing them played at home and in the local stores where phonographs are sold.

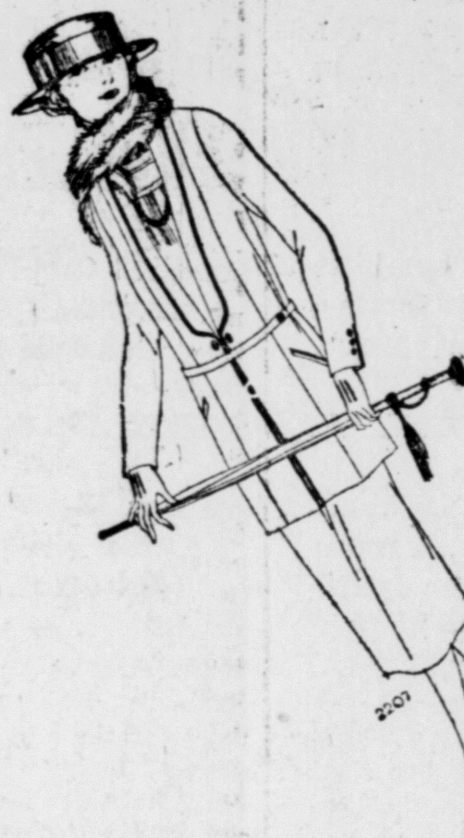

The pupils in the contest have also learned, during the progress of the contest, many intimate things regarding the lives of the great composers, and have also become acquainted with facts about the actual composition of some of the world's musical masterpieces.

Miss McConnell said today that she wished to compliment the dealers in phonographs for the wholehearted co-operation she has received from them. They have been willing to play any of the numbers included in the contest, whenever any children called and requested that they be played. All of the people of Rushville have also given her the most active support in the enterprise, she said, which accounted for its remarkable success.

The interest would not have been aroused as it has been, were it not for the fine spirit shown by the teachers whose pupils are in the contest, Miss McConnell declared. She asserted that she had never had such willing and hearty co-operation on the part of teachers any place.

The music memory contest has been introduced in more than three hundred cities, according to a letter received by Miss McConnell from C. M. Tremaine, director of the National Bureau for the Advancement of Music, New York City, and everywhere it is being made an annual event.

Mr. Tremaine, who read a clipping from the Daily Republican about the contest being started here, wrote Miss McConnell, for details regarding it.

The Suit the Thing This Spring

By HEDDA HOYT
(Written for The United Press)

New York, April 1.—To be or not to be—that is the Spring suit question. This season, however, there can be no question about it; the suit is to be.

The three piece suits head the vogue of the coming season. There are such a variety of styles this year that one wonders just what constitutes a suit nowadays. One of the most prominent types is the one featuring the paletot or short flaring jacket, which has wide sleeves and is worn open over a colorful blouse or gilet. These jackets are also used over the one piece frock, the upper portion of the frock made in contrasting color from the skirt and the lining of the jacket matching the shade used in the blouse. Canna red, henna, grey and sparrow Canton crepes are being featured as the blouse material for the three piece suit. Circle braid or self toned embroidery trims most of the jackets of this unbelted Paletot style. Sleeves are often slit from the elbow to the wrist allowing the color of the blouse to show through.

Skirts are made on slender lines and are slightly elongated. Gilets are often used instead of blouse. One particularly attractive gilet worn with a blue turtleneck suit is made of white duvetyne with a military braid effect meeting in points at the center front and buttoning with tiny silver buttons. These silver buttons and nail heads form an effective trimming on many of the smart suits and often a complete headwear effect is achieved.

Another popular suit model is built on long waisted lines and is softly bloused over a rather flat fitting peplum. The short cape worn with a skirt to match also does suit duty. An unusual model of this sort is made of an imported plaid material in shades of violet and orchid and its only claim to trimming is a frayed border at the bottom of the cape and skirt.

Poirret twills, tricelines and trelanes are the materials which will be most widely used this year. And for the most dressy occasions taffetas and silk navy crepes are seen with jackets entirely covered with eyelet embroidery. Silk afternoon and evening gowns have capes to match. These capes are very simply made. Two yards of material, shirred to form a neckline and with a narrow straight strip of the goods attached to form a tuved lapel, are all that is required. This makes a garment which falls gracefully in points on either hip.

Navy blue, grey, mole and tan are popular shades for the season and dandelion yellow is shown in numerous models both for sport and dress wear. A pretty model utilizing this latter color is made of crepe knit in the one piece gown and cape effect. The long sleeves of the gown are embroidered in Chinese design and the long lapel of the cape is also carried out in the embroidery motif. A metal medallion belt is used on the low waistline of the gown.

Tweeds and homespun form most of the sport suits and what strict tailoring is used this year is devoted to suits of this type. Pastel colors are more likely to be popular in these models than the higher tones. A striking sport model has a jacket of black silk velvet lined with cherry red. This is worn with a skirt of white cloth material which has large checks of cherry red and black.

Fashion Tips

Long coats this season are voluminous and wrap themselves about the figure like the garb of a monk. Their sleeves are wide and capelike.

One of the prettiest of the new silk sport materials is the Thorobred Silk. It has a crepe foundation with wide chenille stripes in colors. White is the usual background and the stripes come in Nile green, rose, blue and dandelion yellow. There are other color combinations such as henna on a tan foundation and orange on corn color.

Lace tans are replacing feather ones as the Spring season advances.

The Russian boot is making its appearance on Fifth Avenue. It absolutely puts the floppy galosh to shame with its shiny patent leather topped

in grey suede. It makes an attractive rainy day foot gear to say the least, though there is doubt whether it will become widely popular.

Paris predicts a run on the peroxide counter. They have chosen a blond as queen of the Midenettes and declare that flat, blond tresses shall outrule the wide bobbed coiffures of raven hue.

Tan low shoes oddly trimmed with strips of black patent leather and with black patent heels are new additions to the shoe world.

Grey and whites, crystal trimmed, are being used for evening wear at the opera at late. The brilliant tones of the earlier season are fast disappearing. Only the palest of shades alight the famous horseshoe circle and with the glittering of diamonds one gets an aurora borealis impression.

CARTHAGE PUPILS PLEASE BIG CROWD

Present "Green Stockings" Comedy in Three Acts, at Auditorium Friday Night

H. S. ORCHESTRA IN PROGRAM

The pupils of the Carthage high school presented, "Green Stockings" Friday night before a capacity house at the auditorium, and the play was pronounced as one of the best home talent productions ever presented in that town, every one of the dozen students playing their part in excellent fashion.

"Green Stockings" was a comedy in three acts, and the cast of characters consisted of the following: William Faraday by Clarence Henley; Celia, Madge, Phyllis and Evelyn, daughters of William Faraday, were portrayed by Marcella Lineback, Meredith Whitehead, Lavonne Carfield and Ruth Brennan; Mrs. Chisolm by Grace Overman; Colonel Smith by Harold Ruby; Robert Tarver by John Moore; Admiral Grice by Raymond Manche; Mr. Raleigh by Eugene Herkless; Mr. Steele by Earl Moore and Martin (butler) by Raymond McDuffey.

The high school orchestra furnished music for the show, and the Baby Band of the Carthage schools provided entertainment between acts.
